Mobility Bed

CorsicanaCare™ Product Collection

MOBILITY BED

Standard
100

10ERGOCB1 | 10ERGOCB2
Engineered to support up to 1,500 lbs

Advanced Positioning Functions

The Mobility Bed features a 180° swivel function, high/low adjustability, and tilt positioning to support easier transfers, improved caregiver access, and personalized comfort for a wide range of mobility and wellness needs.

- Easy Egress
- Max Mobility

10" EcoCore™ Foam

Eco-friendly, soy-based foam is designed to promote airflow and temperature-regulated comfort while delivering a supportive, pressure-relieving sleep surface.

- Temperature-Regulated
- Eco-Friendly
- Soft

Fully Upholstered Design

A fully upholstered frame creates a softer, more residential look and feel, helping the bed blend more naturally into home care and modern care environments.

- Residential Aesthetic
- Elevated Appearance

ADDITIONAL REMOTE FUNCTIONS

Underbed Lighting offers visibility at night.

Head Incline + Foot Incline for comfort and ease of access.

Zero Gravity Position for reducing spinal pressure.

One-Touch Flat for an easy way to get into a sleeping position.
