RETAIL

PRODUCT CATALOG

TRUSTED BY HEALTHCARE PROFESSIONALS FOR OVER FOUR DECADES

Trusted by thousands of healthcare professionals for more than 40 years, Ovation and its team have built a reputation for innovation, reliability, and exceptional customer service across the healthcare industry.

We're now bringing that same trusted quality to the retail environment with all-new, retail-ready packaging—designed to help you drive sales and elevate your shelf presentation.

BRING YOUR SHELVES TO THE NEXT LEVEL

We know that high-quality products in retail packaging are hard to find. That's why we're excited to introduce the industry's best braces and supports in packaging that's designed to convert. Our new packaging was strategically designed to maximize shelf impact, communicate trust, and increase conversion.

VERSA-FIT™ WRIST BRACE & THUMB SPICA

BIGGEST IMPROVEMENT TO THE WRIST AND THUMB CATEGORY IN OVER 20 YEARS

Our patented Versa-Fit™ Wrist Brace and Versa-Fit™ Thumb Spica are the first off-the-shelf, custom fitting wrist & thumb supports. Powered by our patented Versa-Fit™ technology, the standard size fits over 90% of people, allowing you to free up shelf space and carry less product.

KEY FEATURES

- Standard size fits virtually all patients, reducing need to carry excess inventory.
- Versa-Fit™ Flex Panel automatically expands, providing a custom off-the-shelf fit.
- Auto-lock strap secures custom sizing.
- Cut low at the palmar crease to allow for 90-degree MP flexion.

VERSA-FIT™ WRIST BRACE

CLINICAL APPLICATIONS

- Carpal tunnel
- Incomplete fractures
- Tendonitis
- Soft tissue injuries
- Post-cast support for healing

PACKAGE DESIGN IN PROGRESS

SIMPLE DESIGN
Two button pneumatic system is incredibly durable and easy to use.

LOW-PROFILE
Designed to be worn with everyday footwear, no levelers required.

INTUITIVE SOLE
Our patented multi-directional sole supports natural, free movement.

NU-FORM® ANKLE BRACE

EXCEPTIONAL COMFORT, ENHANCED STABILITY

Our patented Nu-Form® Ankle Brace combines the best features of a classic lace-up figure-8 with the support of an ankle stirrup into a low-profile, lightweight, and breathable solution. Our Fusion-Form manufacturing process allows us to provide superior support, compression, and comfort that would otherwise not be possible using the conventional cut and sew method.

KEY FEATURES

- Unique design that blends the support of a stirrup with the comfort and compressive fit of a lace-up.
- Low-profile design fits easily in all shoe categories.
- Multi-layer frame provides superior rotational protection at the mid-foot and inversion/eversion control.
- Even compression manages daily swelling patterns.
- 3D spacer fabric allows heat and moisture to escape.

CLINICAL APPLICATIONS

- Acute ankle sprains
- Post-operative support
- Ankle injury rehabilitation
- Chronic ankle instability
- Prophylactic use

SIZE CHART

PDAC APPROVED: **L1902**

BREATHABLE DESIGN

Lightweight mesh keeps your feet cool, all-day long

CUSTOM FIT

Semi-rigid frame forms to the users anatomy over time, providing a customized fit

UNMATCHED SUPPORT

Provides robust stability and rotational protection to ensure a seamless recovery

LACE-UP ANKLE BRACE

A TRIED AND TRUSTED CLASSIC

The Lace-Up Ankle Brace is a trusted solution specifically designed to provide stability and support for a variety of ankle conditions. Constructed from ballistic nylon this ankle support aids in reducing swelling and promoting healing. Its user-friendly design seamlessly integrates into patients’ footwear, ensuring ease of use and convenience.

KEY FEATURES

- Durable ballistic nylon construction ensures long-lasting use.
- Even compression aids in reducing swelling and promotes healing.
- Figure-8 straps offer precise inversion/eversion control.
- Tibia strap provides additional compression and support.
- Conveniently fits into a shoe for easy and convenient wear.

CLINICAL APPLICATIONS

- Acute ankle sprains
- Post-operative support
- Ankle injury rehabilitation
- Chronic ankle instability
- Prophylactic use

NU-FORM® UNIVERSAL BACK BRACE

UNMATCHED BREATHABILITY, SUPERIOR COMFORT

Ovation’s patented Nu-Form® Universal Back Brace is the first brace to have a completely breathable posterior panel and uniquely effective pressure relief zone over the spinous process. Nu-Form® manufacturing technology has allowed us to produce a lightweight, low-profile, and extremely durable brace that we backed with a 5-year warranty.

KEY FEATURES

- Includes a customizable/moldable anterior panel.
- Coverage from L1-L5 for the L0627 and S1-T9 vertebra for the L0631/L0637.
- Completely breathable over the spinous process.
- Pressure relief zone automatically adjusts to provide relief at surgical sites.
- Extremely thin and low-profile, fits comfortably under clothing.
- Designed for both post-op and pain relief.
- Universally sized and easily adjustable.
- Rigid posterior panel automatically adjusts to unique patient anatomy.
- Hassle-free adjustment, allowing for quick clinical application.
- Incredibly durable, backed by a 5-year warranty.

CLINICAL APPLICATIONS

- Lumbar Spinal Post-Op Care
- Chronic Lower Back Pain
- Lumbar Sprains and Strains
- Spondylolisthesis
- Osteoporosis
- Fracture Management
- Post-Operative Support
- Non-Specific Low Back Pain
